Julius P. Kraus was the trusted collector for Frederick Bachman, the brewer, of Clifton, Staten Island, until a few days ago. He turnished bondsmen when he was first employed, but Mr. Bachman trusted hma so implicitly that the bonds were not renewed. Recently Mr. Bachman noticed that many customers on Kraus's route were reported as paying only a part of their accounts. It was also noticed that wherever Kraus made a collection and invited everybody to sample Bachman's beer, the expense frequently was \$10. As that sum pand for 200 drinks Mr. Bachman thought the number of sitters in the grog-shops of one part of the city was abnormally large. He, therefore, started his suspected collector on another route and investigated the matter. He found that Kraus had retained of his collections between \$5,000 and \$6,000. TRIED HOT SPRINGS TWO LONG YEARS WITEOUT

Mercurial rheumatism made me a cripple. After trying the springs two years, and the mercury and notash treatment until I was a skeleton and unable to do anything, I was prevailed upon to take a course of S.S.S. After taking three bottles my appetite began to improve, and I gained fiesh rapidly. When I had taken twelve bottles I felt as well as I rapidly. It is now twelve months since I took S.S.S. My health and appetite are good, and I am able to attend to all the business I can get.

Hot springs, Jan. 1, 1883.

I have taken Swift's Specific for Rhenmatina and found perfect relief. It also relieved me of dyspepsia, from which I had suffered for years. I believe, when duly appreciated as a Tonic and Blood Purifier, that Swift's Specific will become a household remedy.
